Đề mẫu: (*phản này có giáo đọc hoặc máy đọc*) Hi. This is Chris Robertson in Apartment 314. I 'm calling about the elevator, which doesn't seem to be working again. This afternoon, when I got home, I pushed the button to call the elevator, but nothing happened. I waited and waited and pushed the button several times, but the elevator never arrived. I had a heavy bag o f groceries with me, and I, you know, had to carry them all the way up the stairs to my apartment on the third floor. Can you let me know what's going to be done about this situation? Using the stairs isn't easy fo r me because I have a bad back—and it's especially hard when I 'm carrying groceries or packages. It's really an inconvenience, and this is the third time this y ear that the elevator has broken down. I hope it can be repaired soon. Again, this is Chris Robertson from number 314. Thank you.

Đáp án gợi ý: Hello, Mr. Robertson. This is Tara Conner from Rental Management. I understand you had a problem with the elevator this afternoon. I 'm very sorry fo r the inconvenience. I know its difficult for you because o f your back. I also understand that it is frustrating because it has happened before. I think you'll be happy to know that we plan to replace the elevator. The new elevator will be installed early next week. After that, there won't be any problems with the elevator breaking down. In the meantime, I invite you to use the service elevator. It's near the entrance to the stairs. I know it's not as nice as the passenger elevator, but I think it will be easier fo r you than the stairs. Then next week you'll be able to use the new passenger elevator. Please let me know if you have any questions.

Câu hỏi mẫu:

Would you prefer to work longer hour on a daily basis and, as a result, have more vacation time? give your opinion and explain why?

Câu trả lời mẫu:

There are a number of advantages and disadvantages to working longer hour and having more day off in compensation. In my opinion the advantages outweigh disadvantages.

Fist of all, I believe having an extra day of leisure time would make people more relaxed. This would obviously be beneficial to people's general health. Moreover, being more relaxed would also benefit employers, as their workers would probably concentrate better during their work time and have fewer days off sick.

Another advantages is that if more people had an extra day off during the week, shopping malls and supermarket would be less crowded in the weekend. Also, people would be able to use sports facilities and leisure services at off-peak time.

A final point, at least for me, is that 2 extra hours added on to the day wouldn't seem like huge addition, whereas a whole day off is an added bonus. Moreover, I can understand that the longer day may not be suitable for people with families or for people who have a long commute to work.

In conclusion, although working hour may not suitable for everyone, for me the benefits far outweigh the drawbacks and I would definitely this system.
